

## **Seymour Lake Association BOD Meeting July 23, 2017**

**Present:** Chuck Nichols, Ted Jewett, Jean McKenny, Linda Buzzell, Tim Buzzell, Rhonda Shippee, Bruce Barter, Peggy Barter, Alan Franklin, Bonnie McWain, Woody Woods

**Absent:** Frank Antonelli, Erik Lessing

Called to order by Chuck Nichols at 8:35 a.m.

Discussion on Northwoods intern, Trevor Bannister, doing a study on land based invasive species such as fragmites on Rt. 111 and Japanese Knotweed. Peggy suggested a task force to deal with it. Ben Copans offered to help apply for a grant. Bonnie suggested we send an email blast on how to take care of each species and offer expertise and education. Woody says that only education and persistence will eventually stop them.

Peggy moved to spend up to \$500 to get technical advice +/- or labor from Northwoods to deal with fragmites. Ted moved to amend the proposal to "spend up to \$2,000". Seconded and approved.

**Secretary's report - June 24, 2017 - Approved.**

Next Board meeting is Monday, August 21, at 7 pm at the Town Office.

Woody said that the drone discussed at the June 24th meeting would cost about \$1700. We could use Google Earth Pro for free.

Adjourned 8:55 a.m.
